Freshmen / First-Year

Starting with the fall 2021 freshman class, we'll no longer consider ACT or SAT scores for general admission, admission to the University Honors program, or merit scholarships. If you have a cumulative high school GPA of 3.0 or higher, you're guaranteed general admission. If your GPA is below 3.0, we'll get to know you through a holistic application review process - a flexible, personalized review of your application and circumstances. The exception to this is our limited-admission Nursing program.

Fall Semester 2021 Freshman Application Review

1. Individuals who submit complete general admission applications by Dec. 1, 2020, and who satisfy minimum admission criteria will be considered for admission on a competitive basis.
2. Individuals who submit complete applications after Nov. 15 and satisfy minimum admissions criteria will be considered for admission on a competitive basis, as long as space is available.

Priority application consideration for fall semester 2021

Priority consideration will be given to individuals whose applications are complete by Dec. 1, 2020. These individuals will be admitted and notified of their admission decision on a rolling admission basis.

Transfer

Transfer students must submit their application and all supporting documents including transcripts from all previously attended colleges and universities prior to all applicable deadlines.

Criteria for transfer admissions:

1. Students who have attempted up to and including 12 semester hours of credit will be evaluated as a freshman/first-year student.
2. Students who have attempted more than 12 semester hours, but have earned fewer than 24 semester hours must meet current freshman admissions requirements, be in good standing at the last college/university attended and have a GPA of at least 2.0 on 4.0 scale from all colleges and universities attended.
3. Students who have earned more than 24 credit hours must be in good standing at the last college/university attended and have a GPA of at least 2.0 on a 4.0 scale from all colleges/universities attended.
